**Overall Length:**

3.455 inches

**Overall Width:**

0.319 inches

**Overall Diameter:**

0.600 inches

**Storage Temperature Range:**

-40.0 to 85.0 degrees celsius

**Current Rating:**

100.0 milliamperes

**Special Features:**

Single mode fiber with 900um buffer -1 meter long is not included in length of item; bandwidth: 10-18mhz; small size; no external control circuits required; tranimpedance amplifier included

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A23900
