Overall Length:

7.000 inches

Overall Height:

2.000 inches

Overall Width:

5.000 inches

Current Rating:

0.5 amperes

Wattage Rating:

12.0 watts

Voltage In Volts And Current Type:

200.0 dc

Product Name:

8 channel contact rx, mm, 1 fiber, rm

Special Features:

Tricklecharged nicd battery back-up memory within receiver module; rack mounted; distances up to 25 miles

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23900
