Voltage In Volts And Current Type:

7.3 dc

Product Name:

Fiberoptic transmitter flange mount

Special Features:

Tvro, catv, smatv, broadcast, distance learning, business tv, multiple dwelling units mdu; two way - intelsat, eutelsat; gps; inmarsat; option 4 consists of rf connector is ac coupled, with no dc on center pin; transmitter frequency is 950 - 2050 mhz

Specification Or Standard:

16 mounting

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23900
