Overall Length:

9.5 inches

Tempurature Rating:

125.0 degrees fahrenheit

Overall Width:

6.0 inches

Ac Voltage Rating:

Between 200.0 volts and 240.0 volts

Frequency Rating:

8.0 gigahertz

End Application:

Ibm blade center h 8852

Optical Fiber Type:

Multimode

Frequency Bandwidth:

60.0 hertz

Product Name:

Optical transceiver

Optical Pulse Wavelength In Nanometers:

850

Special Features:

Weight 1.6 oz, 2/4/8 channels, data transfer rate 8.5gb per second, used for data networking optical network

Height:

2.0 inches

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A545u0
