Mounting Method:

Rack

Major Components:

Transmitter and receiver

Component Quantity:

2

Product Name:

Unamplified microwave transport system

Special Features:

Wideband frequency: .0522; itu channel: non-itu: 1520-1580 nm; optical power (dbmo): +10 optical output (no edfa); optical connector: sc / apc; optical output: single optical output; enclosure: optiva indoor rack-mount installation; frequency range: microwave band transmitter and receiver are ideal to construct transparent fiber optic links in the 50 mhz to 22 ghz frequency range for antenna remoting, electronic warfare systems, broadband delay lines, signal processing systems and other high-dynamic-range applications.

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A23900
