Overall Length:

8.600 inches

Overall Height:

6.100 inches

Overall Width:

1.600 inches

End Application:

Wsa/ess

Voltage In Volts And Current Type:

6.0 dc

Product Name:

8-channel optical duplex option module host card side-a

Special Features:

Housing is a 2-slot card, 9000 series chassis; current rating of 800-1000 milliamp depending on option modules installed; operating temp is -40 to 74 degrees c; led status indicators for power, sync, non sync, and loop.

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23900
