**Overall Length:**

8.600 inches

**Overall Height:**

6.100 inches

**Overall Width:**

1.600 inches

**End Application:**

Wsa/ess

**Voltage In Volts And Current Type:**

6.0 dc

**Product Name:**

8-channel optical duplex option module host card side-b

**Special Features:**

Housing is a 2-slot card, 9000 series chassis; current rating of 800-1000 milliamp depending on option modules installed; operating temp is -40 to 74 degrees c; led status indicators for power, sync, non sync, and loop.

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A23900
