**Overall Length:**

8.500 inches

**Overall Height:**

7.000 inches

**Overall Width:**

5.750 inches

**Wattage Rating:**

70.000 watts

**Voltage In Volts And Current Type:**

117.0 ac

**General Description:**

G.F. Reflector/quartzline lamp, light intensity: low - 28000 ft lamberts, high - 356000 ft lamberts, lamp life approximately 200 hours, solid state circuitry with solid state variable voltage controller, fan-cooled operation

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A23900
