Overall Length:

4.600 inches

Overall Height:

1.000 inches

Overall Width:

2.700 inches

Storage Tempurature Range:

-20.0/+80.0 degrees celsius

End Application:

Repair kit, optical

Product Name:

Test set, light source

General Description:

Wavelength 850nm, optical power negative 17 dbm, stabili type 0.2 db, operating temperature 0.0 to 50.0 degrees celsius, weight with battery 4.4 ounces, rechargeable battery, connector style st, dual st, or dual st/sma,   dimensions 4.6 by 2.7 by 1 inch

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23900
