**General Description:**

Wavelength 850nm/1300nm; wave length range 850nm porm 30nm/1300nm porm 30 nm; stability less than 0.05db over a 1 hour period; power output >-17dbm, individually adjustable; connector at&t or st; 2aa batteries or ac power connector; 4.940 in l; 2.750 in w; 1.200 h; light for premises & campus cabling networks with multimode fiber, or single-mode fibers under 5km

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A23900
