End Application:

4935-01-182-0578

Unpackaged Unit Length:

3.500 inches

Unpackaged Unit Width:

2.750 inches

Unpackaged Unit Height:

1.500 inches

Product Name:

Precision cleaver, one step

Special Features:

A precision cleaver designed to cleave two buffered or acrylate coated fiber optic cables at the same time. The final cleave angle is less than 1 deg. The cleaver is specifically engineered to work with tactical fiber optic cable assemblies (tfoca). The cleaver is used in conjunction with optimized fiber holders designed to ensure the correct cleave length for the cleave process.

Shelf Life:

N/a
