Insulation Material:

Plastic, epoxy resin

Inside Diameter:

0.376 inches

Outside Diameter:

0.984 inches

Overall Width:

1.062 inches

Segment Quantity:

4

Segment Material:

Silver

Cross Connected Feature:

Not provided

Err Default:

Err default

Shaft Attachment Method:

Pressed on shaft

Shape:

Cylindrical

Fsc Application Data:

Recorder-reproducer, sound, except office type jcens type rd-142a/un

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T321-a
