Inclosure Feature:

Totally enclosed and explosion proof

Specific Use:

Heater, trailer mounted

Winding Type:

Induction-squirrel cage

Mounting Method:

Clamp ring

Cooling Method:

Fan cooled

Features Provided:

Horizontal mounting position

Shaft End Characteristic:

A1 single style single end

Phase:

Three input

Frequency In Hertz:

60.0 input

Terminal Type And Quantity:

3 wire lead

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A271a0
