Overall Length:

6.125 inches

Overall Height:

4.000 inches

Overall Width:

1.937 inches

Identification Designator:

Type kc1-23a2

Mounting Configuration:

Four threaded holes

Motor Type:

Control

Individual Motor Quantity:

2

Motor Controlling Agency:

Bodine elec co

Special Features:

Capacitor terminal board gear train

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T322-c
