Overall Height:

1.250 inches

Overall Length:

2.850 inches

Overall Width:

1.245 inches

Shaft Rotation Direction:

Clockwise single end

Mounting Method:

Face

Mounting Facility Type And Quantity:

4 unthreaded hole

Features Provided:

Vertical mounting position and horizontal mounting position

Length Of Shaft From Housing:

0.350 inches single end

Terminal Type And Quantity:

3 wire lead

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A271a0
