Inclosure Feature:

Totally enclosed

Mounting Method:

Clamp ring

Mounting Facility Type And Quantity:

1 clamp collar

Current Rating Method:

Load

Current Rating In Amps:

1.280 single input

Connection Type And Voltage Rating In Volts:

28.0 line to neutral single input

Shaft End Characteristic:

A23 single style single end

Special Features:

0.046 in. Min and 0.047 in. Maximum diameter hole through shaft

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A271a0
