Overall Length:

1.818 inches

Overall Width:

0.750 inches

Duty Cycle:

Continuous

Winding Type:

Compound wound

Mounting Method:

Clamp ring

Cooling Method:

Oil

Current Rating Method:

No load

Torque Rating And Type:

1.3 inch-ounces running

Features Provided:

Vertical mounting position

Current Rating In Amps:

0.075 single input

Connection Type And Voltage Rating In Volts:

28.0 line to neutral single input

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A271a0
