Overall Height:

3.500 inches

Overall Width:

3.500 inches

Thread Length:

0.4600 inches single end

Shaft Diameter:

0.2500 inches single end

Duty Cycle:

Continuous

Inclosure Feature:

Totally enclosed

Winding Type:

Induction-shaded pole

Mounting Method:

Fixed base

Cooling Method:

Nonventilated

Current Rating Method:

Load

Inclosure Specificationification:

Commercial

Power Rating:

2.0000 watts output

Rotor Speed Rating In Rpm:

1550.0 single full load

Current Rating In Amps:

0.390 single input

Connection Type And Voltage Rating In Volts:

115.0 line to neutral single input

Phase:

Single input

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A271a0
