**Overall Height:**

3.500 inches

**Overall Width:**

3.500 inches

**Thread Length:**

0.4600 inches single end

**Shaft Diameter:**

0.2500 inches single end

**Duty Cycle:**

Continuous

**Inclosure Feature:**

Totally enclosed

**Winding Type:**

Induction-shaded pole

**Mounting Method:**

Fixed base

**Cooling Method:**

Nonventilated

**Current Rating Method:**

Load

**Inclosure Specificationification:**

Commercial

**Power Rating:**

2.0000 watts output

**Rotor Speed Rating In Rpm:**

1550.0 single full load

**Current Rating In Amps:**

0.390 single input

**Connection Type And Voltage Rating In Volts:**

115.0 line to neutral single input

**Phase:**

Single input

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A271a0
