Inclosure Feature:

Open

Mounting Method:

Fixed base

Current Rating Method:

Load

Inclosure Specificationification:

Nema

Frame Size Designation:

56

Power Rating:

0.333 horsepower output

Rotor Speed Rating In Rpm:

1725.0 single full load

Current Rating In Amps:

1.500 single input

Connection Type And Voltage Rating In Volts:

230.0 line to neutral first multiple or 460.0 line to neutral second multiple input

Phase:

Three input

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A271a0
