End Application:

B-1b electronic warfare

Special Features:

Input 10 vdc; diameter-.750 inches; length-1.155; length of shaft from housing-0.225; shaft end style-pinion; number of teeth on shaft-11; bearings-annular ball; shelf life-2 yrs.W/o maintenance; step angle=15 degrees; shaft rotation-clockwise or counter-clockwise

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A509z0
