Shaft Rotation Direction:

Counterclockwise single end

Inclosure Feature:

Dripproof-15 deg

Mounting Method:

Face

Inclosure Specificationification:

Nema

Frame Size Designation:

56c

Power Rating:

0.500 horsepower output

Connection Type And Voltage Rating In Volts:

60.0 line to neutral single input

Shaft End Characteristic:

A9 single style single end

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A271a0
