Shaft Rotation Direction:

Clockwise single end or counterclockwise single end

Specific Use:

Actuator, electrical (1680-01-267-2746)

Storage Type:

General purpose warehouse

Cooling Method:

Ambient air

Bearing Type:

Annular ball

Shaft End Characteristic:

A1 single style single end

Phase:

Three input

Terminal Type And Quantity:

6 wire lead

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A271a0
