**Shaft Rotation Direction:**

Clockwise single end or counterclockwise single end

**Specific Use:**

Actuator, electrical (1680-01-267-2746)

**Storage Type:**

General purpose warehouse

**Cooling Method:**

Ambient air

**Bearing Type:**

Annular ball

**Shaft End Characteristic:**

A1 single style single end

**Phase:**

Three input

**Terminal Type And Quantity:**

6 wire lead

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A271a0
