Overall Height:

1.125 inches

Bolt Hole Quantity:

4

End Application:

2420-01-160-2754tractor, wheeled, industrial

Mounting Configuration:

5the two holes of 0.375 inch diameter are each located inward 0.3125 inches center to center from either end of the support.The two holes of 0.250 inch diameter are located 0.250 inches center to center either side of the exact middle of the item

Mounting Method:

Bolt

Special Features:

Support is used to mount fan motor of hydraulic oil cooler

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A501j0
