**Overall Length:**

13.815 inches

**Overall Width:**

6.500 inches

**Inclosure Feature:**

Totally enclosed

**Mounting Method:**

Face

**Frame Size Designation:**

56

**Length Of Shaft From Housing:**

3.875 inches single end

**Current Rating In Amps:**

1.800 single input

**Reference Number Differentiating Characteristics:**

Magnetic permeability shall not exceed 2.0 after fabrication

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A271a0
