Overall Length:

13.815 inches

Overall Width:

6.500 inches

Inclosure Feature:

Totally enclosed

Mounting Method:

Face

Frame Size Designation:

56

Length Of Shaft From Housing:

3.875 inches single end

Current Rating In Amps:

1.800 single input

Reference Number Differentiating Characteristics:

Magnetic permeability shall not exceed 2.0 after fabrication

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A271a0
