End Application:

Helical screw compressor, quincy compressor division, col tec industries, model qsb 25

Inclosure Feature:

Dripproof-15 deg

Specific Use:

Drive motor; helical screw compressor

Mounting Method:

Fixed base

Mounting Facility Type And Quantity:

4 unthreaded hole

Inclosure Specification:

Nema

Frame Size Designation:

284t

Connection Type And Voltage Rating In Volts:

450.0 line to neutral single input

Phase:

Three input

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A271a0
