Overall Height:

1.200 inches

Overall Length:

3.000 inches

Overall Width:

2.750 inches

Current Type:

Ac input

End Application:

Nsn 6625-01-450-5833; generator, pulse

Mounting Method:

Fixed base

Mounting Facility Type And Quantity:

4 threaded hole

Cooling Method:

Air to air cooled

Product Name:

High performance microstepping drive

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A271a0
