**Product Name:**

Brushless dc motor

**Special Features:**

5integral frameless resolver; industrial grade connectors; extremely low inertia rotors allowing optimum performance in applications requiring rapid acceleration and deceleration; up to 5000 rpm standard; built-in thermostat; rear shaft extension

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A271a0
