Overall Height:

5.188 inches

Overall Length:

11.963 inches

Overall Width:

4.094 inches

Inclosure Feature:

Totally enclosed

Mounting Method:

Fixed base and face

Power Rating:

0.250 horsepower input

Length Of Shaft From Housing:

1.500 inches single end

Special Features:

3 stage; 294 in-lbs torque; ratio 35.8: 1; gloss black; series 246 split phase ac split phase parallel shaft

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A271a0
