Special Features:

Insulation resis 100m ohms min under normal temp and humidity; ambient op temp +/- 14f to +122f; temp rise 176f or less at rated vol, 2-phase excitation; shaft runout 0.002 in; radial play 0.001 in; axial play 0.003; shaft concentricity to pilot 0.003 in; shaft perpendicularity to motor surface 0.003 in

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A509z0
