Overall Height:

2.250 inches

Overall Length:

3.146 inches

End Application:

Satellite, animatics corp

Mounting Facility Type And Quantity:

4 unthreaded hole

Inclosure Specificationification:

Nema

Length Of Shaft From Housing:

1.250 inches single end

Product Name:

High performance planetary gearhead

Special Features:

Dsingle stage; ratio -10: 1; continuous output torque at - 1500 rpm input (in-lbs) 277; continuous output torque at 3500 rmp input (in-lbs) 238; continous output torque at 500 rpm input (in-lbs) 215

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A271a0
