End Application:

Air curtain mtr blower

Inclosure Feature:

Totally enclosed

Mounting Method:

Fixed base

Inclosure Specificationification:

Commercial

Power Rating:

0.750 horsepower output

Rotor Speed Rating In Rpm:

1700.0 single full load

Current Rating In Amps:

7.800 single input

Connection Type And Voltage Rating In Volts:

115.0 line to line single input

Product Name:

Inavy)motor assembly

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A271a0
