**End Application:**

Food processor fp350

**Inclosure Feature:**

Totally enclosed

**Mounting Method:**

Face

**Inclosure Specificationification:**

Commercial

**Connection Type And Voltage Rating In Volts:**

120.0 line to neutral single input

**Shaft End Characteristic:**

A3 single style single end

**Product Name:**

Inavy)motor-gea (120v) fsg

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A271a0
