Overall Height:

5.820 inches

Overall Length:

12.380 inches

Overall Width:

7.990 inches

End Application:

Air conditioning unit

Shaft Rotation Direction:

Clockwise single end

Mounting Method:

Fixed base

Cooling Method:

Ambient air

Length Of Shaft From Housing:

5.560 inches single end

Product Name:

Evap fan motor

Special Features:

1 blue and 1 black lead with .75 stripped. 48.00 inches long; 1 green ground lead 48.00 long with term for number 10 screw.

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A271a0
