**Overall Height:**

5.820 inches

**Overall Length:**

12.380 inches

**Overall Width:**

7.990 inches

**End Application:**

Air conditioning unit

**Shaft Rotation Direction:**

Clockwise single end

**Mounting Method:**

Fixed base

**Cooling Method:**

Ambient air

**Length Of Shaft From Housing:**

5.560 inches single end

**Product Name:**

Evap fan motor

**Special Features:**

1 blue and 1 black lead with .75 stripped. 48.00 inches long; 1 green ground lead 48.00 long with term for number 10 screw.

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A271a0
