Shaft Rotation Direction:

Clockwise first end

Inclosure Feature:

Totally enclosed

Mounting Method:

Face

Cooling Method:

Fan cooled

Bearing Type:

Annular ball

Power Rating:

3.000 horsepower output

Product Name:

Electric motor

Phase:

Single input

Special Features:

Shaft has keyway (nema 182tc fram keyed shaft

Supplementary Features:

3450 rpm, - tefc face, no base, 182tc frame, 14.5/29.0 amps 115/208-230 volts, single phase, 60hz

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A271a0
