Overall Length:

5.375 inches

Overall Height:

4.125 inches

Overall Width:

3.625 inches

Ac Voltage Rating:

Between 230.0 volts and 460.0 volts

Actuation Method:

Magnetic

Operating Voltage Characteristic:

Full

Actuator Voltage:

110.0 ac and 120.0 ac

Load Protection Type:

Overload

Inclosure Feature:

Closed frame

National Electrical Manufacturers Association Standards Design:

Not designed per nema std

Amp Size Rating:

25.0

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A541c0
