Overall Length:

7.725 inches

Overall Height:

1.410 inches

Overall Width:

7.250 inches

Component Type And Quantity:

1 printed wiring board

Special Features:

Mounting method: bolt; component type and quantity: integrated circuit logic gate 45; component quantity: 56; mounting configuration: four bolt and hex nut assembly on 5.000 in. By 6.600 in. Mtg centers

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A51110
