Overall Length:

12.125 inches

Overall Height:

4.000 inches

Overall Width:

4.500 inches

Ac Voltage Rating:

600.0 volts

End Application:

Mb2a compressor

National Electrical Manufacturers Association Standards Design:

Designed per nema std

Features Provided:

Reversible and circuit protection fuse

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A541c0
