End Application:

F-16 aircraft

Functional Description:

Housing assembly, forward equipment bay, left hand

Material:

Steel

Relationship To Similar Equipment:

Consists of modified 12e44344-833

Style Designator:

Rectangular, surface mounting

Fsc Application Data:

Aircraft accessory equipment

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A17600
