Ac Voltage Rating:

115.0 volts

Actuation Method:

Magnetic

Duty Cycle:

Continuous

Operating Voltage Characteristic:

Full

Horsepower Rating:

2.000 and 3.000

National Electrical Manufacturers Association Standards Design:

Not designed per nema std

Features Provided:

Reversible

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A541d0
