End Application:

F-111d acft

Special Features:

Relay assembly contains miniature plug in type relays mounted on a removable relay mounting plate. Contains the electrical components necessary to provide a centralized relay switching unit for the aircraft external probe heating system, landing gear system, and slot position; dimensions in inches, length 14.0, width 4.9, height 3.0

Functional Description:

Housing assembly, relay forward equipment bay

Material:

Steel

Relationship To Similar Equipment:

Consists of modified p/n h12d526-45

Style Designator:

Rectangular, surface mounting

Fsc Application Data:

Aircraft accessory equipment

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A17600
