**End Application:**

Maneuvering system

**Special Features:**

input voltage 208.0volts; input voltage range 166-228 volts; output voltage and receptacle-208y/120 hard wired; input v.A. Is 33.3 kva; audible noise level 65 db; weight 2000lbs; model number 8blx-30k-8-i-48999-0: i-48999-0 specifies an industrial model cabinet

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A23900
