Ac Voltage Rating:
24.0 volts
Frequency Rating:
Between 50.0 hertz and 60.0 hertz
Actuation Method:
Manual
End Application:
Air conditioner 10756
Size Designator:
10
Operating Voltage Characteristic:
Full
Load Protection Type:
Overload
National Electrical Manufacturers Association Standards Design:
Designed per nema std
Control Type:
Remote
Features Provided:
Circuit protection fuse
Phase:
Three
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A541c0
