End Application:

Engine room ventilation fan/heater, trident class submarine

Input Phase:

Three

Inclosure Feature:

Dripproof

Input Voltage Rating:

450.0 ac pounds per hour wet

Input Frequency In Hertz:

60.0

Special Features:

Identification plate marked, control no. 1

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T122-g
