End Application:
Engine room ventilation fan/heater, trident class submarine
Input Phase:
Three
Inclosure Feature:
Dripproof
Input Voltage Rating:
450.0 ac pounds per hour wet
Input Frequency In Hertz:
60.0
Special Features:
Identification plate marked, control no. 1
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
T122-g
