Overall Length:

2.560 inches

Overall Height:

3.125 inches

Overall Width:

5.190 inches

Direct Current Rating In Amps:

400.0

Dc Voltage Rating:

28.0 volts

Actuation Method:

Magnetic

Duty Cycle:

Continuous

Operating Voltage Characteristic:

Full

Ambient Temp:

-30.0 degrees fahrenheit and 220.0 degrees fahrenheit

Inclosure Feature:

Open

National Electrical Manufacturers Association Standards Design:

Not designed per nema std

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A541d0
