Magnetic Contactor - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/6110-01-222-2176

Overall Length: 2.560 inches **Overall Height:** 3.125 inches **Overall Width:** 5.190 inches **Direct Current Rating In Amps:** 400.0 Dc Voltage Rating: 28.0 volts **Actuation Method:** Magnetic **Duty Cycle:** Continuous **Operating Voltage Characteristic: Ambient Temp:** -30.0 degrees fahrenheit and 220.0 degrees fahrenheit **Inclosure Feature:** Open National Electrical Manufacturers Association Standards Design: Not designed per nema std Shelf Life: N/a **Unit Of Measure:**

Demilitarization: No

Fiig: A541d0
